

Other Accessibility Opportunities

AAC Awareness Week October 18-22, 2020

We are excited to announce that Knock Knock will once again celebrate Augmentative Alternative Communication (AAC) Awareness Week, October 18-22, 2020. During this special week, visitors of all communication abilities will enjoy special activities, information from experts, and programs that raise awareness of AAC. The week is designed to promote the many different ways to communicate using both low tech and high-tech communication systems. Along with these specialized communication tools, our Ability Bags and Ability Boxes will be available for an even more enhanced experience. During this special week the museum will give priority field trip registration to schools and organizations that serve special needs students. Any questions regarding field trips during AAC Awareness Week can be directed to Kristin Spencer at Kspencer@knockknockmuseum.org.

Field Trips

Knock Knock is a place of play and learning for ALL students, and we welcome everyone regardless of ability or limitation. A field trip to Knock Knock is a great way to experience the joy of play in ways that can only be done in our specially designed Learning Zones. To arrange a field trip using our Ability Bags and Ability Boxes, as well as other adaptive devices, please contact our Field Trip Coordinator, Kristin Spencer at kspencer@knockknockmuseum.org. She can tailor your visit to fit your student's needs. And new this year, we are offering exclusive Monday Field trips, for groups of 200 + students. Your students will have Knock Knock all to themselves. Bring the entire school and let our exceptional staff make your visit the best field trip experience your students have ever had.

Knock Knock in the Afternoon

Sometimes the noise and excitement at Knock Knock can be overwhelming. If you are looking for a quieter trip to our 18 Learning Zones, weekday afternoons are just what you are looking for. Typically, there are less visitors on weekday afternoons. This is the perfect time to explore Knock Knock at your own pace and with simple phone call before you come, one of our trained staff members can have the Ability Boxes all set up and ready to go. They may also be available to facilitate your visit. Weekday afternoons also provide an ideal time for families and therapists to do specialized training, physical therapy, and other forms of developmental therapies in our 18 Learning Zones.

Play4All

Play 4 All is a program designed for children of all abilities, providing a lower sensory experience as well as all our adaptive tools and Ability Boxes. We will have four very special Play4All sessions in 2020. We hope you and your family will join us for these evenings of music, activities, and lower volumes.

Play4All Schedule:

Friday, January 17, 2020	5-7pm
Friday, April 17, 2020	5-7pm
Friday, July 17, 2020	5-7pm
Friday, October 16, 2020	Special Boos There Sensory Halloween Time TBD
