FROM OUR LEADERSHIP

Counting on Y-O-U.

There are countless worthwhile organizations doing important work in our community, and we proudly partner with many of them. But Knock Knock Children’s Museum is different. We are a community spark for engaging, playful learning experiences that inspire and support lifelong learning. This playful learning is what opens the door to so many other experiences in a child’s life. Knock Knock is here to ignite the spark of learning through our 18 Learning Zones.

As we look to the future, we recognize that the children playing at Knock Knock today are the workforce of tomorrow. In fact, it is quite likely that many of these children will have careers in fields and industries that don’t even exist yet. But, through our purpose of creating experiences, Knock Knock equips children with a knowledge skillset and a curiosity for learning and innovation that helps prepare them for those future careers.

This would not be possible without the philanthropic support of our community at large. As you will see in the following pages, there are many ways in which you or your organization can make a meaningful investment in the future of our children (and have a little fun while doing it!). With Knock Knock, you can rest assured your gift will be thoughtfully invested in our community. We hope you consider being a part of our team. We promise it’ll be a play date worth remembering!

Erin Kilgore
Chair, Knock Knock Children’s Museum Board of Directors
Being a grassroots organization means that we seek community support in many ways. Whether through earned income like memberships, or contributions from event-based fundraisers, Learning Zone sponsorships or other individual gifts, Knock Knock depends on a variety of ways to make play happen!

Admission and membership fees cover only 60% of the museum’s annual expenses. We have created campaigns to help to cover the essential operating expenses like art and technology supplies, educational programming, field trips for low-income students, outreach to schools, improvement of our facilities and much more! *There are many ways to open the door to playful learning!*

Educational areas are inherently subject to depreciation due to their hands-on nature and young users. Knock Knock is committed to providing an exceptional visitor experience from opening day thereafter. For this reason, sponsorship terms are limited to seven (7) years. Refreshing components, materials and/or programming content at this juncture takes advantage of evolutions in education and ensures each Learning Zone is meeting this standard. After the seven (7) year term, a sponsor will have the first opportunity to continue support.

Being a non-profit organization means raising funds for operation is integral to our success. In fact, admission and membership fees alone only cover 60% of the museum’s overall annual expenses. With play, creativity and innovation at the heart of everything we do, it was important for us to host several events throughout the year to help us achieve our financial goals in a fun way. From racing ducks to pieing brand ambassadors in the face, each of these occasions provided opportunities to spread awareness about Knock Knock Children’s Museum and how the community could help further impact its citizens in engaging ways.

“Knock Knock is a place where children can play with a purpose. Meaningful play is vital to children and can have a profound impact on their development. We support the work of Knock Knock because we believe the museum is an asset to the community and a place where in today’s busy world families can make time to play together.”

- Adrienne and Brandon Hollie  
Owners, Relief Windows
Knock Knock is so excited to offer an engaging day of professional learning at our Making and Tinkering with STEM Workshop. Educators from public and nonpublic schools who work with children in preschool through third grade may sign up to investigate how making tinkering and engineering experiences designed for young children support fundamental STEM thinking and learning.
